

## THE INTEGRATED MANAGEMENT SYSTEM POLICY

MPS provides comprehensive services including the production of packaging, multicolor prints, the manufacture and packaging of cosmetics, household cosmetics and the production of medical devices.

OUR FUNDAMENTAL OBJECTIVE IS TO MEET THE NEEDS AND EXPECTATIONS OF CUSTOMERS IN THE SCOPE OF OUR PRODUCTS AND SERVICES PORTFOLIO.

The above-mentioned objective is implemented through:

- Creating a positive image of the company, while taking care of high-quality products in accordance with their specifications
- Increasing the satisfaction of Customers and Clients
- Using innovative technologies
- Educating the company's employees in the scope of the product quality and environmental protection
- Creating positive atmosphere and providing safe and sanitary working conditions
- Preventing contaminations and initiating environmentally-friendly actions
- Undertaking actions in accordance with applicable law and ecological standards
- Monitoring technical condition of facilities, machines and production equipment in accordance with the law requirements
- Producing safe and effective products meeting the law requirements that are produced based on validated processes
  - Maintaining risk management systems in relation to the business, products, processes and environment
- Meeting the requirements as well as providing and maintaining usefulness and effectiveness of the management system

THE INTEGRATED MANAGEMENT SYSTEM THAT IS IMPLEMENTED, MAINTAINED AND CONTINUALLY IMPROVED, GUARANTEES THE ACHIEVEMENT OF THE ABOVE OBJECTIVES

as it is based on the standards:

**PN - EN ISO 9001:2015, PN - EN ISO 14001:2015, PN - EN ISO22716: 2009, PN - EN ISO 13485: 2016, SMETA, IFS HPC Household and Personal Care Standard, Ecocert standards for natural and organic cosmetics and RSPO Standard**

Top management acknowledges that the above integrated management system is commonly known in the company and kept by everyone as the declaration of intent.

the President of the Company's
